The Contractor is to check and verify in conjunction with the Architects details all setting out points, building and site dimensions, levels and sewer invert levels at connection points and ensure that they are fully conversant with the contents and requirements of the site investigation report and the Engineer's details and specifications and all relevant statutory requirements, building regulations, British Standard Specifications, Building Regulations etc, whether or not specifically stated on this drawing.
This drawing is not intended to show details of ground conditions or ground contaminants. Earth area of ground raked upon to support any structure, road or pavement shall be inspected by a suitably qualified person to ensure that the ground conditions are suitable and in accord with the anticipated conditions as described in the site investigation report are to be immediately notified to the Engineer, where applicable. Any suspect fluid ground or ground contaminants on or within the ground should be further investigated by a suitably expert person. Where existing trees are shown to be retained they should be subject to a full Arboricultural inspection for safety. All trees are to be pruned so as to ensure they are a minimum of 3 metres from buildings and 2 metres from drainage and services, where applicable. A foundation is to be designed to accommodate any trees shown to be retained.
© This drawing and the building works depicted are the copyright of Banners Gate Ltd and may not be reproduced or amended except by written permission. No liability will be accepted for amendments made by other persons.

GENERAL NOTES

- This drawing is to be read in conjunction with relevant architectural and engineering drawings.
- All dimensions are in millimetres unless noted otherwise. All levels are in metres above ordnance datum. Ground levels unless otherwise shown.
- Levels of the existing road at the point of tie-in with proposed site road must be checked prior to commencement of works.
- Any discrepancies between the details shown and actual on site conditions to be reported immediately to the engineer prior to commencement of works.

EXTENT OF ADOPTION PLAN

Extent of adoptable area (not inc S278)

Visibility Splay

hatching denotes section of existing hedge to be removed to allow adoptable highway to be taken right up to the title boundary.
