

Knowsley Council

**REGENERATION AND ECONOMIC DEVELOPMENT
DEPARTMENT**

TOWN AND COUNTRY PLANNING ACT 1990

PLANNING PERMISSION

Application No: 23/02643/FUL

Name and address of applicant

Tritax Symmetry Merseyside 1 Ltd
C/O Gerald Eve LLP
1 Marsden Street
Manchester
M2 1HW

Name and address of agent

Gerald Eve
Gerald Eve
1 Marsden Street
Manchester
M2 1HW

Date of Receipt: 4 September 2023

Date Valid: 16 October 2023

Address/Location Of Development:

**Symmetry Logistics Park Merseyside (Land At Former Cronton Collier)
Colliery Way
Cronton
Knowsley
L35 3AA**

Description of Development:

**REMOVAL OF EXISTING FENCING, CONCRETE HARDSTANDING AND
DISMANTLING OF THE GAS VENT STACKS TO FACILITATE A REDUCTION IN
GROUND LEVELS, ALONGSIDE THE REASSEMBLY OF VENT STACKS,
INSTALLATION OF REPLACEMENT BOUNDARY TREATMENTS, RESURFACING
AND NEW VEHICULAR ACCESS**

The Council of the Metropolitan Borough of Knowsley hereby give notice in pursuance of the above Act(s) that Planning Permission has been **granted** for the carrying out of the development referred to above in accordance with the application and plans submitted subject to the following condition(s):

1. The development must be begun not later than the expiration of three years beginning with the date of this permission.

Reason: In order to comply with the requirements of Section 91 of the Town and Country Planning Act 1990 (as amended).

2. The development hereby permitted shall be carried out in accordance with the approved plans and documents listed in Schedule 1.

Reason: For the avoidance of doubt.

3. Where land affected by contamination is found which poses unacceptable risks, no development shall take place until a detailed remediation scheme has been submitted to and approved in writing by the Local Planning Authority. The scheme must include an appraisal of remediation options, identification of the preferred option(s), the proposed remediation objectives and remediation criteria, and a description and programme of the works to be undertaken including the verification plan. As a minimum, the scheme must ensure that the site will not qualify as contaminated land under Part 2A of the Environmental Protection Act 1990 in relation to its intended use.

Implementation of Approved Remediation Scheme

The approved remediation scheme shall be implemented, and a verification report submitted to and approved in writing by the Local Planning Authority, prior to the development (or relevant phase of development) being brought into use.

Reporting of Unexpected Contamination

In the event that contamination is found at any time when carrying out the approved development that was not previously identified it must be reported immediately to the Local Planning Authority. Development on the part of the site affected must be halted and a risk assessment carried out and submitted to and approved in writing by the Local Planning Authority. Where unacceptable risks are found remediation and verification schemes shall be submitted to and approved in writing by the Local Planning Authority. These shall be implemented prior to the development (or relevant phase of development) being brought into use.

Materials Management Plan

Prior to the reuse of site won materials ('waste' and non-waste) a Materials Management Plan, signed off by a Qualified Person, shall be submitted to and agreed in writing with the local planning authority. The MMP shall demonstrate that any reuse of contaminated materials does not result in increased risk to the environment or human health.

Importation of Soil/Material

No soil is to be imported to the site until it has been tested for contamination and assessed for its suitability for the proposed development; a suitable methodology for testing this material should be submitted to and agreed by the Local Planning Authority prior to the soils being imported onto site. The methodology should include the sampling frequency, testing schedules, criteria against which the analytical results will be assessed (as determined by the risk assessment) and source material information. The analysis shall then be carried out and evidence submitted to and approved in writing to by the Local Planning Authority.

Reason: In the interests of safety, to prevent pollution of the water environment and to comply with Saved Policy ENV5 of the Knowsley Replacement Unitary Development Plan, adopted June 2006.

4. No part of the development hereby permitted shall be commenced until a construction management plan has been submitted to and agreed in writing by the Local Planning Authority that details the means of mitigation of construction / demolition effects. This shall include but not be limited to the following:

- Methods for the mitigation of noise and vibration from building works, including any piling works, and from the operation of any temporary power generation or pumping plant which will operate overnight.
- Methods that can be put in place quickly, should odour control be required. (There is potential for odour from the historic use of the site, particularly when ground excavations take place).
- Methods for dust control and suppression.
- Details of wheel washing facilities including location and type.
- The areas for the storage of plant and materials.
- Location of site compound.
- Details of relevant pest control measures that will be put in place during the construction phase.

All site works shall then proceed only in accordance with the approved management plan unless otherwise agreed in writing beforehand with the Local Planning Authority.

Reason: To ensure the satisfactory development of the site and in the interests of protecting the amenity of neighbouring occupiers and to comply with the National Planning Policy Framework; Policies CS2 and CS19 of the Knowsley Local Plan Core Strategy adopted January 2016; Policy WM9 of the Merseyside and Halton Joint Waste Local Plan 2013 and saved Policies H5 and ENV2 of the Knowsley Replacement Unitary Development Plan adopted June 2006.

5. No construction work shall take place outside the hours of 08:00-18:00 hours Monday to Friday, 08:00-13:00 hours Saturday and not at all on Sundays/Public Holidays without the prior written permission of the Local Planning Authority.
Reason: To ensure the satisfactory development of the site and in the interests of protecting the amenity of neighbouring occupiers and to comply with the National Planning Policy Framework; Policies CS2 and CS19 of the Knowsley Local Plan Core Strategy adopted January 2016.

SCHEDULE 1

Date Received	Ref. No	Version	Drawing/Document Title
11.10.2023	18128 P2001	REV D	MINESHAFT LOCATION PLAN
11.10.2023	VN232557 – TR104	REV D	MINESHAFT AREA MAINTENANCE ACCESS PROPOSAL
11.10.2023	L005-TIE-ZZ-XX-DR-C-6046	REV T2	MINE SHAFT AREA CDM
11.10.2023	L005-TIE-ZZ-XX-DR-C-6004	REV T4	MINE SHAFT AREA EXTERNAL WORKS AND DRAINAGE
11.10.2023	TE1163-TE-00-XX-TN-GE-002-V03		TECHNICAL NOTE – MINE SHAFT CAP INVESTIGATION
16.10.2023	T/18/2126 60-41	REV T3	MINESHAFT CAP SECTIONS – SHEET 1
16.10.2023	T/18/2126 60-42	REV T3	MINESHAFT CAP SECTIONS – SHEET 2
16.10.2023	T/18/2126 60-43	REV T3	MINE SHAFT CAP SECTIONS – SHEET 3

11.10.2023	TE116-TE-00-XX-RP-GE-003-V01		SUPPLEMENTARY GROUND INVESTIGATION AND COAL MINING RISK ASSESSMENT REPORT
03.10.2023	18128 P2003	REV B	PROPOSED FENCING DETAILS
03.10.2023	18128 P2004	REV B	MINESHAFT EXTERNAL FINISHES PLAN
03.10.2023	18128 P2005	REV B	MINESHAFT EXISTING AND PROPOSED SECTIONS
03.10.2023	18128 P2002	REV B	PROPOSED SITE PLAN
04.09.2023	--		COVER LETTER

REASON(S) FOR THE GRANTING OF PLANNING PERMISSION

The decision to grant planning permission has also been taken having regard to the policies and proposals as set out below, and to all relevant material considerations including supplementary planning guidance: -

SD1 - Sustainable Development
CS1 - Spatial Strategy for Knowsley
CS2 - Development Principles
CS4 - Economy and Employment
CS7 - Transport Networks
SUE1 - Sustainable Urban Extensions and Safeguarded Land
SUE2 - Sustainable Urban Extensions - Development Principles
SUE2c - Sustainable Urban Extensions - South of Whiston and Land South of M62 (M270)
CS19 - Design Quality and Accessibility in New Development
CS21 - Greenspaces and Trees
CS26 - Waste Management
T5 - Location of Major Traffic Generating New Development
DQ2 - Security in the Built Environment
ENV5 - Contaminated Land
WM8 - Waste Prevention and Resource Management
WM9 - Sustainable Waste Management Design and Layout of New Development

This informative is only intended as a summary of the reason(s) for the granting of planning permission. Should you require any further details relating to the decision please contact the relevant case officer (John Fleming on 0151 443 2216)

ARTICLE 35 STATEMENT

The Local Planning Authority has acted positively and proactively in determining this application by identifying matters of concern within the application (as originally submitted) and negotiating with the applicant, acceptable amendments to the proposal to address those concerns. As a result, the Local Planning Authority has been able to grant planning permission for an acceptable proposal, in accordance with the presumption in favour of sustainable development, as set out within the National Planning Policy Framework.

NOTE FOR APPLICANT:

IMPORTANT - PLEASE READ CAREFULLY THE NOTES BELOW AS FAILURE TO COMPLY COULD MAKE THE DEVELOPMENT HEREBY PERMITTED UNAUTHORISED

- 1) This planning permission is granted in strict accordance with the approved plans. It should be noted however that:

- a) Any variation from the approved plans following commencement of the development, irrespective of the degree of variation, will constitute unauthorised development and may be liable to enforcement action.
 - b) You or your agent or any other person responsible for implementing this permission should inform Planning Services immediately of any proposed variation from the approved plans and ask to be advised as to the best method to resolve the matter. Most proposals for variation to the approved plans will require the submission of a new planning application.
- 2) This permission is granted subject to conditions and it is the owner of the property and the person responsible for the implementation of the development who will be fully responsible for their compliance throughout the development and beyond.
- 3) If there is a condition that requires work to be carried out or details to be approved prior to the commencement of the development this is called a "condition precedent". The following should be noted with regards to conditions precedent.
- a) If a condition precedent is not complied with prior to the start of development, the whole of the development will be unauthorised and you may be liable to enforcement action.
 - b) In addition, if the requirements of a condition precedent are subsequently not complied with, the development is unauthorised and the only way to rectify the development is the submission of a new application.

If any other type of condition is breached then you will be liable to a breach of condition notice.

- 1 NOTE FOR APPLICANT: The applicant's attention is drawn to the following comments;
- 2 The proposed development lies within an area that has been defined by the Coal Authority as containing coal mining features at surface or shallow depth. These features may include: mine entries (shafts and adits); shallow coal workings; geological features (fissures and break lines); mine gas and former surface mining sites. Although such features are seldom readily visible, they can often be present and problems can occur, particularly as a result of new development taking place.

Any form of development over or within the influencing distance of a mine entry can be dangerous and raises significant land stability and public safety risks. As a general precautionary principle, the Coal Authority considers that the building over or within the influencing distance of a mine entry should be avoided. In exceptional circumstance where this is unavoidable, expert advice must be sought to ensure that a suitable engineering design which takes into account all the relevant safety and environmental risk factors, including mine gas and mine-water. Your attention is drawn to the Coal Authority Policy in relation to new development and mine entries available at:

www.gov.uk/government/publications/building-on-or-within-the-influencing-distance-of-mine-entries

Any intrusive activities which disturb or enter any coal seams, coal mine workings or coal mine entries (shafts and adits) requires a Coal Authority Permit. Such activities could include site investigation boreholes, excavations for foundations, piling activities, other ground works and any subsequent treatment of coal mine workings and coal mine entries for ground stability purposes. Failure to obtain a Coal Authority Permit for such activities is trespass, with the potential for court action.

If any coal mining features are unexpectedly encountered during development, this should be reported immediately to the Coal Authority on 0345 762 6848. Further information is available on the Coal Authority website at:

www.gov.uk/government/organisations/the-coal-authority

Executive Director - Regeneration and Economic Development

Date: 14 December 2023

IMPORTANT NOTES FOR YOUR ATTENTION:

1. This permission refers only to that required under the Town and Country Planning Acts and does not include any consent or approval under any other enactment, bylaw, order or regulation.
2. This permission refers only to those plans submitted as part of the Planning Application a copy of which is retained by the Local Planning Authority. The Local Planning Authority should be contacted in writing if it is proposed to amend these plans in any way as a further permission, may be required.
3. You should ensure that you understand the requirements of all planning conditions and that you fully comply with their requirements. If you are in any doubt about what a condition requires of you, please ask us for assistance. Planning conditions may require you to submit further information to us and await our approval before you can start your development. A failure to do so could result in your development being unlawful and necessitate the submission of a further planning application. A failure to comply with the conditions of the permission/consent may result in the taking of enforcement and potentially legal action, against you to remedy the breach of planning control.
4. A fee is normally payable to discharge planning conditions in accordance with government regulations.
5. This permission does not convey any rights or approval to build on, or develop, any land that is not fully owned or controlled by you, including on party boundaries. You should satisfy yourself that the agreement of any adjoining landowners has been given prior to commencing any building works.
6. If a Building Regulations Consent is required for these works it is your responsibility to ensure that the plans submitted for both the Building Regulations Consent and Planning Permission are the same in all respects. Should the plans relating to one consent vary from the other, it will be necessary for you to submit amended plans to this Department and obtain the relevant approval(s) prior to commencing any works. Knowsley Council's Building Control team are contactable on (0151)-443 2342 and they would be pleased to assist you.

Appeals to the Secretary of State

- If you are aggrieved by the decision of your local planning authority to refuse permission for the proposed development or to grant it subject to conditions, then you can appeal to the Secretary of State under section 78 of the Town and Country Planning Act 1990.
- As this is a decision for a minor commercial application, if you want to appeal against your local planning authority's decision then you must do so within 12 weeks of the date of this notice.
- Appeals can be made online at: <https://www.gov.uk/planning-inspectorate>.
If you are unable to access the online appeal form, please contact the Planning Inspectorate to obtain a paper copy of the appeal form on tel: 0303 444 5000.
- The Secretary of State can allow a longer period for giving notice of an appeal but will not normally be prepared to use this power unless there are special circumstances which excuse the delay in giving notice of appeal.
- The Secretary of State need not consider an appeal if it seems to the Secretary of State that the local planning authority could not have granted planning permission for the proposed development or could not have granted it without the conditions they imposed, having regard to the statutory requirements, to the provisions of any development order and to any directions given under a development order.
