17th August 2023

Dear Clare,

Shippon, Ox Hey - Suitability Report for Tree House

The attached report is to ascertain the suitability of the tree for use as a tree house and highlight any defects which may be evident.

Paramount Arbor will not be the installers of the Tree House or involved in the suitability of any structure which may be installed.

This report is requested in order to highlight:

Approximate age of the tree

Strength of supporting stem, ascertained by the quantity and diameter

Soil structure may be required

Drainage and ground suitability

Services ie Water, Gas, Electric

Materials

I hope this information is of help and I look forward to hearing from you in due course.

Yours sincerely

David Williams
