Condition(s) - Variation/Removal

Please state why you wish the condition(s) to be removed or changed

The applicant considers that a material colour change from dark green to dark matt grey will further reduce visual impact. With certain seasonal changes and varying grey sky pallets dark grey blends particularly well, enhancing landscape integration. Additionally, the black solar panel array will appear to merge with the dark grey roof, softening and reducing visual impact. The colour change does not constitute an increase in the building's footprint or height, and therefore does not impact the openness of the Green Belt.

The applicant wishes to gain natural light into the garage area

If you wish the existing condition to be changed, please state how you wish the condition to be varied

1. Introduction of new window
2. Change of cladding colour from dark green to dark grey
