Hi Joanne

We use

Herbicides

Max quantity 60litres

Glyphosate 360g
Icade
Moss killer

Fuels

Petrol 40litres max
Diesel (red) 1500 litres
2 stroke oil

Oils

Max 70 litres

Range of oils
Hydrostatic
Engine
Gear box oil
Chain oil
Light oils

All are stored to correct standards with diesel in a self contained bunded, spills kits located in close proximity

All the above are used in our Horticulture and Arboriculture operations

Cheers

Importance: High

This message originated from outside your organisation

Mike

In Steve's absence, can you forward a list of 'relevant substances' that will be stored on site?

Regards,

Joanne

Steve

In the meeting today, your colleague mentioned that diesel will be stored in the unit.

For the Planning application I need to confirm which 'relevant substances' a list of which can be found here, please scroll down to schedules:

<http://www.legislation.gov.uk/ukxi/2015/627/made>

- A. Toxic substances
- B. Highly reactive/explosive substances
- C. Flammable substances

I would therefore be grateful if you could confirm by return.

Regards,

Joanne
