Planning History

There are several applications at the site, however, none are directly relevant to the current application.

Relevant Policy

Paragraph 11 of the National Planning Policy Framework (NPPF) states that planning decisions should apply a presumption in favour of sustainable development. This means approving development proposals that accord with an up-to-date development plan without delay; or where the development plan is absent, silent or out of date planning permission should be granted unless the application of policies in the NPPF that protect areas or assets of particular importance provides a clear reason for refusing the development proposed; or any adverse impacts of doing so would significantly and demonstrably outweigh the benefits, when assessed against the policies in the NPPF taken as a whole.

Paragraph 12 of the NPPF clarifies that the presumption in favour of sustainable development does not change the statutory status of the development plan as the starting point for decision making. Where a planning application conflicts with an up-

to-date development plan, permission should not normally be granted. Local planning authorities may take decisions that depart from an up-to-date development plan, but only if material considerations in a particular case indicate that the plan should not be followed.

The development plan in Knowsley comprises the Saved Policies of the Replacement Unitary Development Plan, the Core Strategy Local Plan and the Joint Waste Local Plan. The following policies are relevant to the determination of this application.

KNOWSLEY LOCAL PLAN: CORE STRATEGY

CS2 - Development Principles

CS19 - Design Quality and Accessibility in New Development

SAVED POLICIES - KNOWSLEY REPLACEMENT UNITARY DEVELOPMENT PLAN (ADOPTED JUNE 2006)

S10 – Advertisements

Article 35 Statement

The Local Planning Authority has acted positively and proactively in determining this application by assessing the proposal against all material considerations, including planning policies and any representations that may have been received and subsequently determining to grant planning permission in accordance with the presumption in favour of sustainable development, as set out within the National Planning Policy Framework.

Assessment

Amenity

The proposed adverts would be relatively slimline and unobtrusive. They would not be detrimental to the character of the area. Overall, there would be no harm to amenity from the proposal.

Public Safety

The signs would not adversely affect public safety as they would be small scale and non - illuminated, this has been confirmed by the applicant. This view is supported by the council's highways authority who have no objection. As the signs are non - illuminated, a lighting condition is not required.

Conclusion

The proposal would be acceptable in relation to Amenity and Public Safety. The application complies with local planning policies and is recommended for approval.

Recommendation

That permission be granted subject to the following conditions.

- 1) The proposal hereby permitted shall be carried out in accordance with the following documents
 - a. Location Plan - Rev P4 (received 22/12/2022).
 - b. Proposed Site Plan - Rev C03 (received 22/12/2022).
 - c. Proposed Elevations (With Fence) - (received 22/12/2022).
 - d. Proposed Elevations (Without Fence) - (received 22/12/2022).

Reason: For the avoidance of doubt.
