Lighting design layout has been performed according to current standards, information supplied prior to commencing design and good design practice.
Grade conditions, reflectance values, unknown obstructions, performance of specific components and assumptions made by Engineers may cause differences between calculated and measured and delivered values.
Dextra Group PLC will NOT accept any responsibility for the indicative emergency layout.
This drawing is to be used for indicative purposes and Dextra Group PLC will NOT be held responsible for any alterations in other design or specific make considerations.
PDF conversions to CAD drawings may not be dimensionally accurate.
