

DESIGN AND ACCESS STATEMENT
FOR
PROPOSED 2.4m SECURITY MESH FENCE AND GATE
AT
ST JOHN FISHER CPS,
TITHEBARN ROAD,
KNOWSLEY,
L34 0HA
Job no. 7182

INTRODUCTION

This Design and Access statement is to support a planning application seeking permission for the installation of a new 2.4m security mesh fence within the school grounds to improve the security and safeguarding of the school.

(Proposed site plan of St John Fisher CPS)

DESIGN

The proposed fencing is to be of the type 358 security mesh fencing and will be installed adjacent to the tree and vegetation line along the school boundary. Double gates will allow access into this area for maintenance, whilst provide a secure fence line to the school grounds to prevent any unauthorized access.

ACCESS

In terms of functionality, the existing access to the school will not be affected by the proposed fencing. Access into the area of ground proposed to be fenced off has been considered for the purposes of maintenance.
