Is the proposed operation or use:

Please state why you consider that a Lawful Development Certificate should be granted for this proposal:

I consider this to be lawful development as the property will continue to be used primarily as a residential dwelling, with only minor administrative business activities carried out from home. The business operations are limited to telephone calls, emails, and social media communications, with no customer visits, employees, noise, signage, or material changes to the character or use of the property, and car parking space for one car will be provided on the attached driveway.

8. Description Of Proposal

Does the proposal consist of, or include:

a) The carrying out of building or other operations? ☒ Yes ☐ No

If Yes to a, please give detailed description of all such operations (includes the need to describe any proposal to alter or create a new access, layout any new street, construct any associated hard-standings, means of enclosure or means of draining the land/buildings) and indicate on your plans (in the case of a proposed building the plan should indicate the precise siting and exact dimensions):

No building works, alterations, extensions, access changes, hard standings, drainage works, means of enclosure, or other operational development are proposed. The application relates solely to the proposed use of part of the existing dwelling for administrative purposes associated with a private hire operator business. No physical changes will be made to the property.

b) Change of use of the land or building(s)? ☒ Yes ☐ No

If Yes to b, please give a full description of the scale and nature of the proposed use, including the processes to be carried out, any machinery to be installed and the hours the proposed use will be carried out:

The proposed use is the operation of a small-scale private hire operator business from the property for administrative purposes only. The business will be managed and operated solely by the applicant.

The activities carried out at the property will include receiving and processing booking enquiries, managing customer records, scheduling journeys, maintaining accounts and records, and undertaking general office administration. All communications and bookings will be conducted remotely via telephone, email, and social media.

No customers, drivers, or members of the public will visit the property in connection with the business. No vehicles will be stored, maintained, dispatched, or operated from the address, and no business signage will be displayed.

No specialist machinery or commercial equipment will be installed. The business will utilise standard domestic office equipment only, including a computer, printer, telephone, and internet connection.

Administrative activities may be undertaken daily between 7:00am and 10:00pm. The scale of the operation will remain low intensity and incidental to the primary residential use of the property, with no material impact on neighbouring properties or the character of the surrounding residential area.

If Yes to b, please describe fully the existing or the last known use, with the date this use ceased:

The existing use of the property is as a private residential dwellinghouse. The property is currently occupied as a family home and no private hire operator business has been conducted from the address.

As the proposed business use has not yet commenced, there is no previous commercial use of the property and no cessation date applies.

Has the proposal been started? ☐ Yes ☒ No
