Details of the pre-application advice received

Comprehensive details of the pre-application feedback provided by Knowsley Council Planning Officers, alongside comments from relevant technical consultees, are summarised within Section 3 of the Supporting Planning Statement (SPS). This section outlines the key issues raised through the pre-application process and explains how the Applicant has proactively responded through targeted amendments and refinements to the proposals. These changes ensure that the scheme appropriately addresses the Council's expectations and aligns with adopted planning policy and guidance.

Various written and verbal correspondence received from the Council confirmed that the principle of development is considered acceptable at the site. Additionally, as confirmed in the pre-app response provided to the previous landowner, the Council confirmed that there is no current or likely future demand for employment uses on the land. Notwithstanding this position, the Applicant has prepared an Employment Land Release Justification Statement which supports the Council's position and informs the principle of development Section within the SPS.

Authority Employee/Member

With respect to the Authority, is the applicant and/or agent one of the following:

- (a) a member of staff
- (b) an elected member
- (c) related to a member of staff
- (d) related to an elected member

It is an important principle of decision-making that the process is open and transparent.

For the purposes of this question, "related to" means related, by birth or otherwise, closely enough that a fair-minded and informed observer, having considered the facts, would conclude that there was bias on the part of the decision-maker in the Local Planning Authority.
