CH63 2QQ

Dear Clare Louise Appleyard

SP Energy Networks - Asset Network Plans

Thank you for your recent request for information concerning the location of SP Energy Networks electrical equipment / network drawings in the vicinity of your proposed works.

Please find plan(s) enclosed showing the SP Energy Networks equipment within your area of interest, along with links to our current electrical safety awareness guides and our SP Energy Networks contact document.

As much information as possible has been given, however cable locations shown on the plans are indicative only and the positions of cables may have altered since being recorded. A line on a plan may represent more than one cable and services to houses, street lamps, etc. may be omitted or included only as a schematic representation. Cables shown as, "Out of use," should not be assumed to be dead or abandoned.

If you discover or cause any damage to ScottishPower cables, then please call our Power Emergencies Line - 0800 092 9290 or 105 immediately giving all relevant information.

Please note that the plans are only valid for 28 days from the date of issue. Updated plans should be requested before any work commences on site if this period has expired.

Please note that the following publications are available from HSE Books PO Box1999, Sudbury, Suffolk, CO10 2WA — Tel. 01787 881165 — www.hse.gov.uk :-

Avoiding Danger from Underground Services – HSG47
Avoidance of Danger from Overhead Electrical Lines – GS6

Yours sincerely,

Request For Plans Team, SP Energy Networks.
