

The Academy
LIVERPOOL FOOTBALL CLUB

1.1 ACADEMY FRONTAGE

XXXXX

XXXXXX

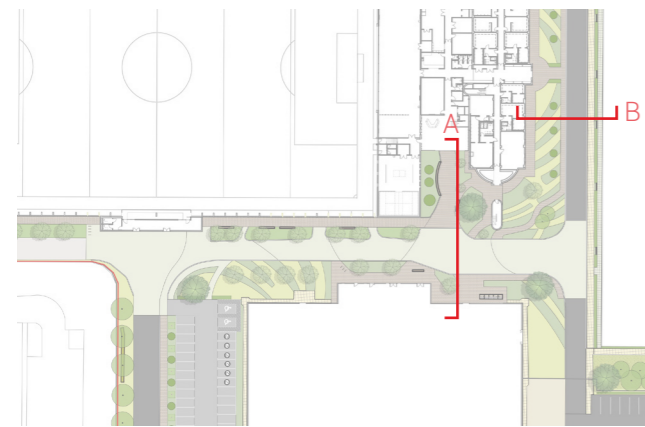

Legends panels integrated into hedge to allow some visual permeability to the show pitch. Potentially perspex panelling with club logo, materiality to be confirmed.

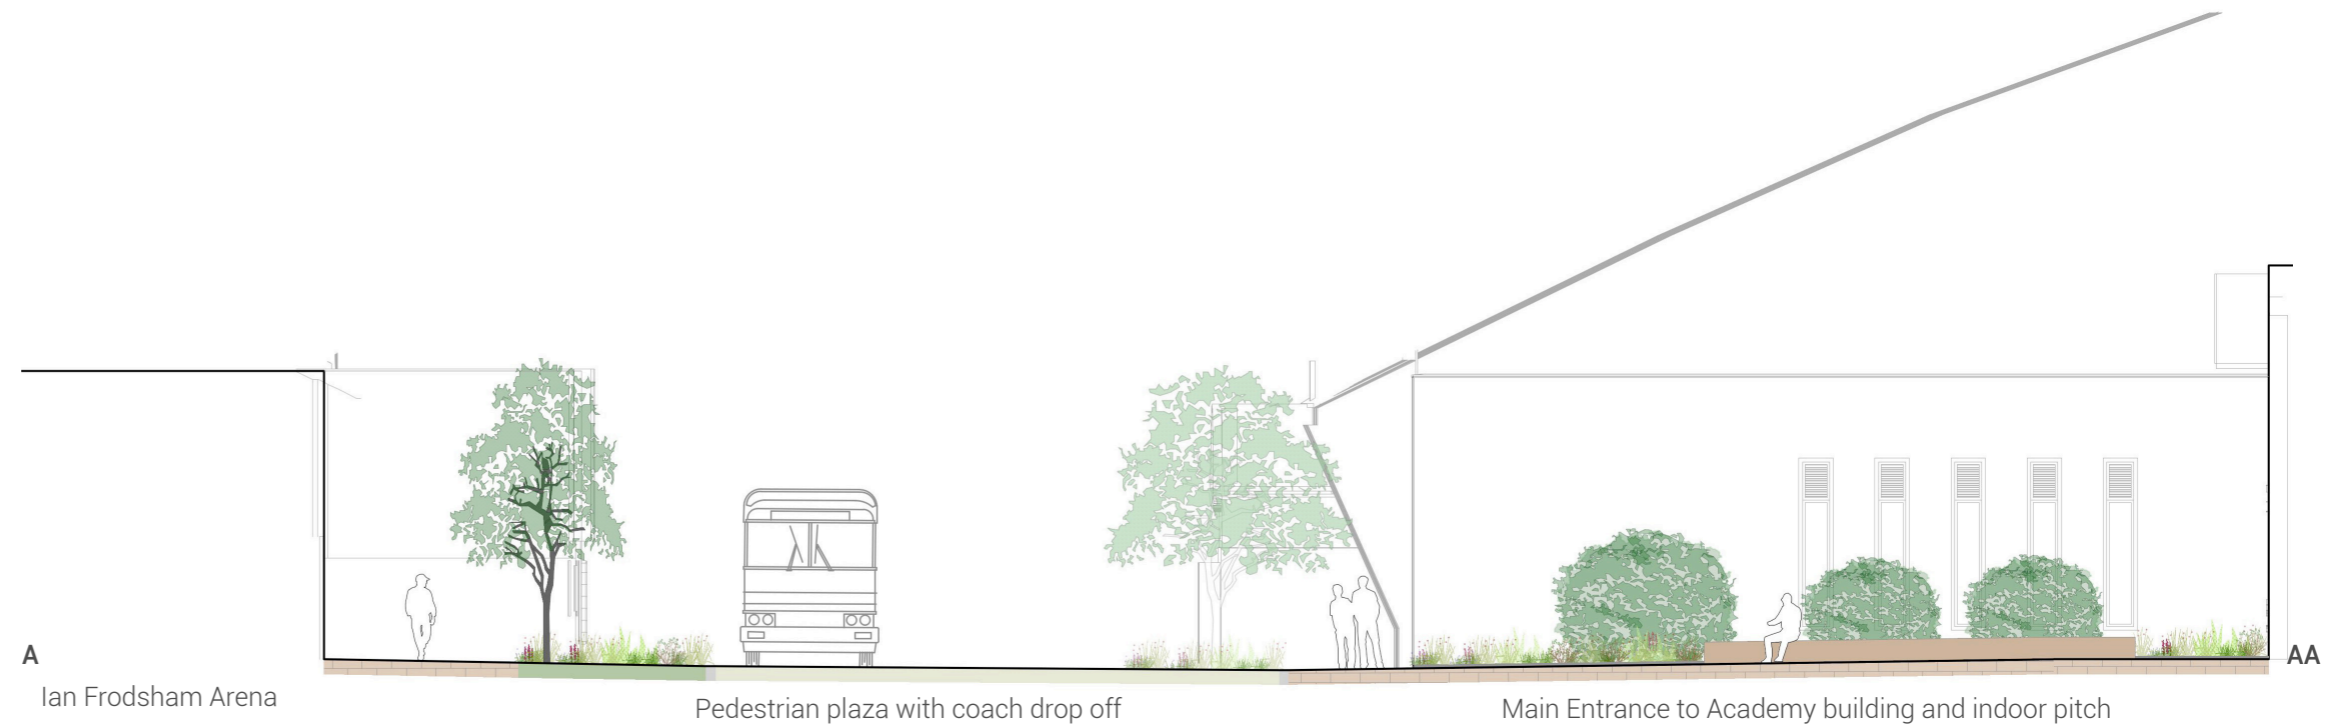

1.1 SECTIONS

The sections illustrate the new landing areas around the building, providing additional dwell spaces and pedestrian spill-out areas, while improving the legibility of pedestrian circulation.

Section A highlights the proposed greening of views from the Academy building and the intended screening at pedestrian level along the edge of the show pitch.

Location Plan

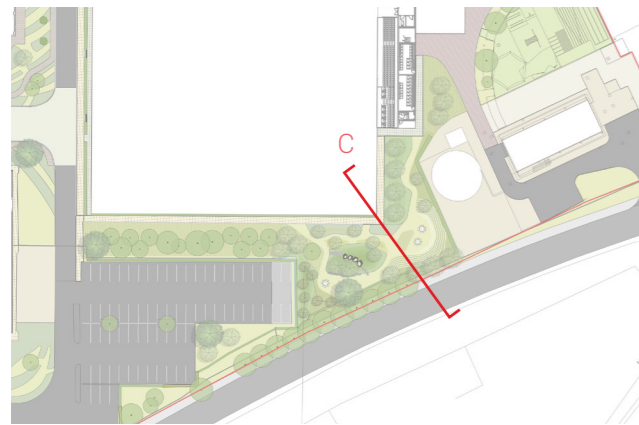

A Ian Frodsham Arena

Pedestrian plaza with coach drop off

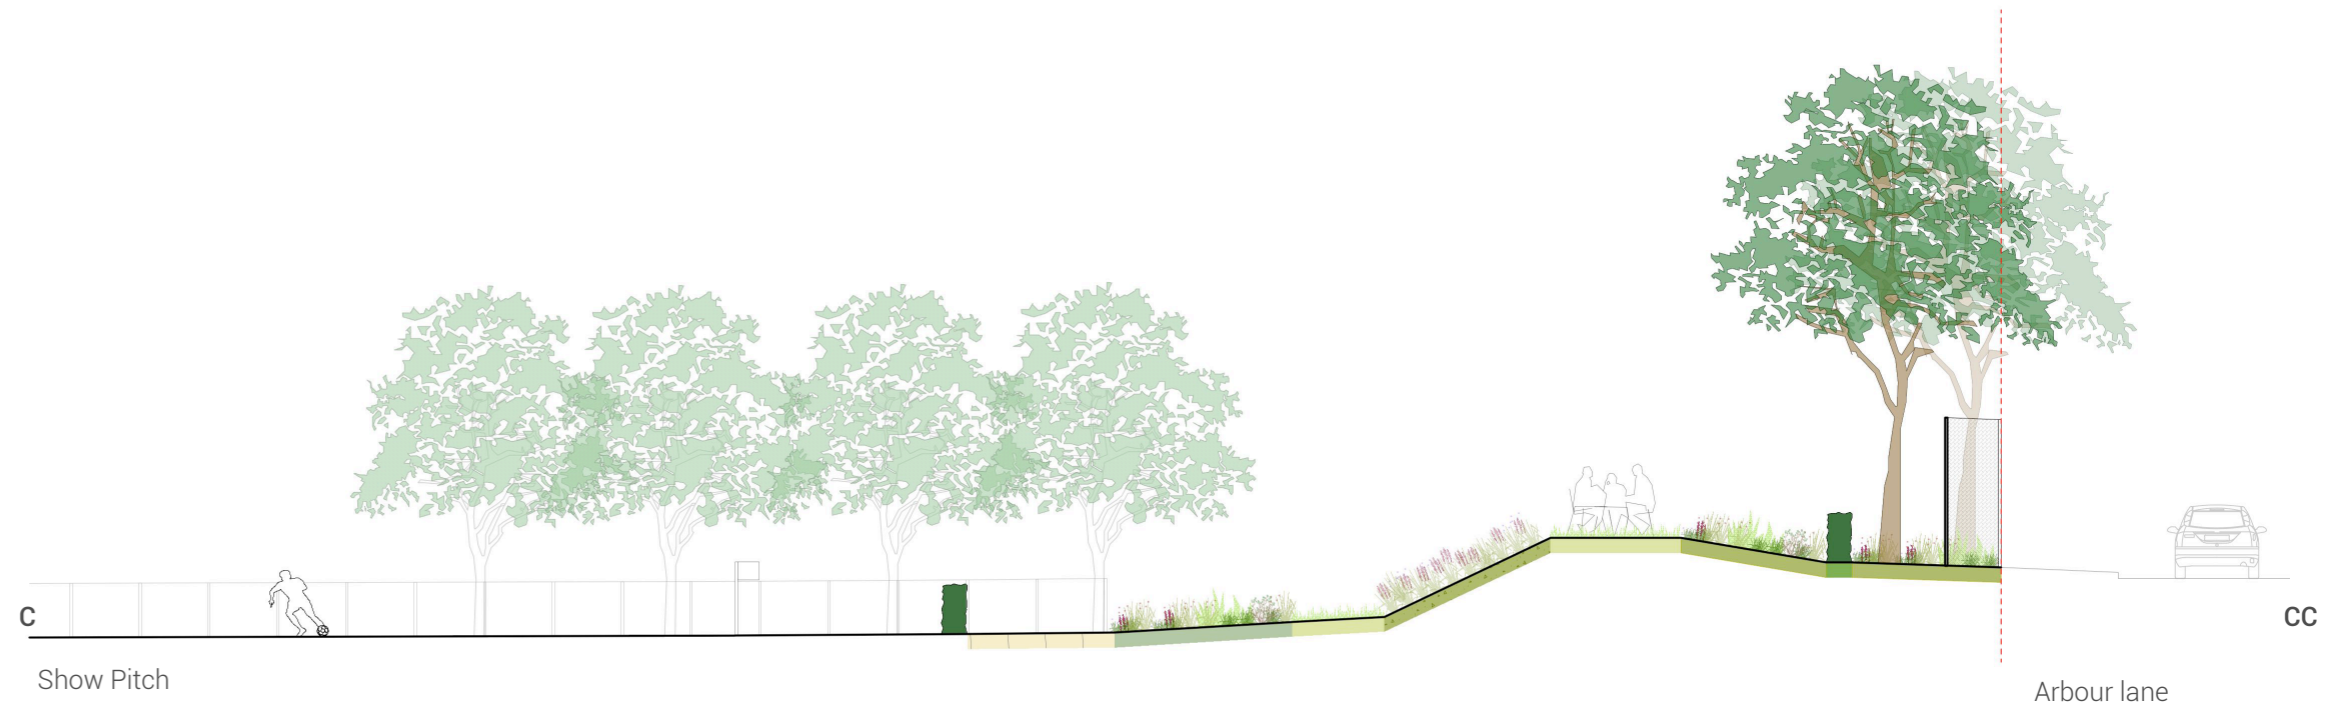

Main Entrance to Academy building and indoor pitch

1.1 SECTIONS

The section below illustrates the proposed buffering and screening along Arbour Lane and the new show pitch using vegetation, while creating nature-focused and seating areas for informal use.

1.1 HARDWORKS STRATEGY

The hardworks strategy seeks to retain existing materials and circulation routes where possible. Higher-quality materials are concentrated around the pedestrian plaza and building entrances to reinforce arrival points. Service and car parking routes are specified to integrate with existing materials across the wider Academy and AXA sites, maintaining visual consistency and cohesion.

Key

	PT1 - Exposed aggregate insitu concrete Colour: Buff
	PT2 - Proposed brushed concrete surface Colour: Buff
	PT3 - Proposed tarmac surface
	PT4 - Concrete small format paver herringbone Colour: Warm
	PT5 - Proposed large format concrete paver Colour: Buff
	PT6 - Gravel infilled concrete cellular paving
	EX1 - Existing large format concrete paver
	EX2 - Existing tarmac
	EX3 - Existing Concrete paver herringbone Colour: Red
	EX4 - Existing servicing area
	WL1 - Proposed 450mm high concrete wall
	WL2 - Entry wall to match the AXA
	Concrete Kerb
