

Health Impact Assessment

Section 1

Date: 11.09.2025	Author of health impact assessment: Guy Evans (Cassidy + Ashton) – Planning Agent
Planning proposal and reference (if known) : Full application - New industrial unit (Class B2/B8) – Link Road, Huyton, Knowsley	

Please provide a brief summary of the proposal
Refer supporting Planning Statement

Please provide a brief summary of any planned or completed consultation
N/A

Section 2

There are 5 themes in the assessment which are taken from the overarching strategy [Knowsley 2030](#). In order to complete the assessment you need to:-

- Consider whether each question applies to your proposal – tick Y/N as appropriate.
- Assess whether the impact is positive or negative, and the level of the impact – severe, moderate or weak.
- Provide a brief summary of the evidence for your answer, including design and mitigation where appropriate. Reference to more detailed evidence and information can be made.

Knowsley Council

- In some responses reference will need to be made to existing, local facilities, particularly in terms of employment, transport and health provision. You will need to consider the local elements as well as Knowsley as a whole.
- Consider all the different population groups within your answer. It may be the case that different groups are impacted in different ways, negatively and positively.
 - Age
 - Those with disabilities or low mobility
 - Gender
 - Ethnicity
 - Religion or belief
 - Socio-economic position (defined by education, employment status, income, household composition)
 - Vulnerable and inclusion health groups (eg homeless, prison leavers, care leavers)
 - Area based variations by deprivation, service provision, urban or rural setting
 - Also consider those impacted by the development now, and in the future
- Please refer to the guidance document for further assistance and to [Building for a Healthy Life](#) for practical examples of how to make a development healthier
- The assessment will be reviewed by Knowsley's Public Health and Planning teams. For further guidance please contact Public Health on publichealth@knowsley.gov.uk
