<u>LOCATION:</u>	84 Longmeadow Road, Knowsley Village, Knowsley		
<u>PROPOSAL:</u>	CERTIFICATE OF LAWFUL DEVELOPMENT FOR PROPOSED SINGLE STOREY REAR EXTENSION		

Site Description

The application site is located at 84 Longmeadow Road, Knowsley Village and is located in an area allocated as a Primarily Residential Area in the Development Plan. The application property is a semi-detached dwelling and is brick facing on its front, side and rear elevations, along with white UPVC openings and grey, flat, interlocking roof tiles.

The property benefits from a converted and extended garage adjoined to the side of the dwelling. There are existing canopy structures to the rear elevation of the dwelling.

Proposal

The application seeks a Certificate of Lawful Development for the erection of a single storey rear extension.

The proposed rear extension would have a projection of 3m and would have a width of 3.87m. The proposal would be served by a pitched roof, which the eaves would measure at a height of 2.5m and the highest point would measure at a height of 3.27m.

Consultations

None Required.

Representations

PROPOSAL: CONVERSION OF GARAGE TO FORM LIVING ACCOMMODATION
TOGETHER WITH REPLACEMENT OF EXISTING FLAT ROOF WITH
DUAL-PITCHED ROOF, EXTENSION TO FRONT OF GARAGE IN
CONNECTION WITH CANOPY TO FRONT ELEVATION

DECISION: GRANTED

DECISION DATE: 3 August 2011

The application property implemented the granted planning permission of 11/00264/FUL but did not implement the granted planning permission of 09/00401/FUL.

Assessment

The application seeks confirmation that the development is 'permitted development' under the Town & Country Planning (General Permitted Development) (England) Order 2015.

Class A states that an enlargement, improvement or alteration of a house of a house is permitted development provided that the development does not:

- b) The total area of ground covered by buildings within the curtilage of the dwellinghouse (other than the original dwellinghouse) would exceed 50% of the total area of the curtilage;
- c) The height of the part of the dwellinghouse enlarged, improved or altered would exceed the height of the of the highest part of the roof of the existing dwellinghouse;
- d) The height of the eaves of the part of the dwellinghouse enlarged, improved or altered would exceed the height of the eaves of the dwellinghouse;
- e) The enlarged part of the dwellinghouse would extend beyond a wall which – forms the principal elevation of the original dwellinghouse; or fronts a highway and forms a side elevation of the original dwellinghouse;
- f) Subject to paragraph (g), have a single storey and – extend beyond the rear wall of the original dwellinghouse by more than 4 metres in the case of a detached dwellinghouse, or 3 metres in the case of any other dwellinghouse, or exceed 4 metres in height;
- g) For a dwellinghouse not on article 2(3) land nor on a site of special scientific interest, would have a single storey and – extend beyond the rear wall of the original dwellinghouse by more than 8 metres in the case of a detached dwellinghouse, or 6 metres in the case of any other dwellinghouse, or exceed 4 metres in height;
- h) would have more than a single storey and – extend beyond the rear wall of the original dwellinghouse by more than 3 metres, or be within 7 metres of any boundary of the curtilage of the dwellinghouse being enlarged which is opposite the rear wall of that dwellinghouse;
- i) would be within 2 metres of the boundary of the curtilage of the dwellinghouse, and the height of the eaves of the enlarged part would exceed 3 metres;
- j) would extend beyond a wall forming a side elevation of the original dwellinghouse, and would – exceed 4 metres in height, have more than a single storey, or have a width greater than half the width of the original dwellinghouse;
- k) include a veranda, balcony, raised platform of a flue;
- l) lie in a conservation area

Development is permitted by Class A subject to the following conditions:

- a) The materials used in any exterior work (other than materials used in the construction of a conservatory) must be of a similar appearance to those used in the construction of the exterior of the existing dwellinghouse;
- b) Any upper-floor window located in a wall or roof slope forming a side elevation of the dwellinghouse must be – obscure-glazed, and non-opening unless the parts of the window which can be opened are more than 1.7 metres above the floor of the room in which the window is installed; and where the enlarged part of the dwellinghouse has more than a single storey, or forms an upper storey on an existing enlargement of the original dwellinghouse, the roof pitch of the enlarged part must, so far as practicable, be the same as the roof pitch of the original dwellinghouse.

The proposed rear extension would not project more than 3m from the rear elevation of the original dwellinghouse, would not exceed 4m in height and the height of the eaves of the extension would not exceed 3m.

Although the converted and extended garage permission was implemented and the rear elevation of the original garage was extended, it would not adjoin the proposed rear extension and as such, would not conflict with Class A of Part 1, Schedule 2.

The rear extension would therefore comply with the requirements of Class A of Part 1, Schedule 2 of the Town and Country Planning Act (General Permitted Development) (England) Order 2015 (as amended).

Conclusion

It is concluded that the proposal complies with Class A of Part 14, Schedule 2 of the Town and Country Planning (General Permitted Development) (England) Order 2015 (as amended). Accordingly, it is recommended that the certificate of Lawful Development for the proposed development be granted.

Recommendation

That a certificate of Lawful Development be granted.

1. The proposal complies with the requirements of Class A of Part 14, Schedule 2 of the Town and Country Planning (General Permitted Development) (England) Order 2015 (as amended).
