Report	Work	Priority	QTRA Score	Photo Reference
Historic basal cavity; opening is approx. 30cm x 15cm with a depth of 15cm. Probe inserted up stem with no resistance and sounding indicates hollowing of stem up approx 1.5m, indicating decay is migrating up stem.	Fell (Section Fell)	P5 - 3-12 Months	1/30K	[64689, 64690]
Tree is in a tenants back garden. No answer at door so unable to access garden. Tree has been viewed from the public highway to the north over 2m tall boundary fence. 4x stems from 2.5m. Crown previously lifted with some poor pruning stubs left. Basal is causing significant displacement to boundary fence.	Fell (Section Fell)	P5 - 3-12 Months	1/30K	[64691, 64692]
