Priority Pond

08.09.2022 P22

Priority Pond

All ponds have been assumed to be priority ponds as not possible to confirm in absen

Other waterbodies previously identified:

P5 - not pond - intersection 3 ditches, c. 1m wide. Dry at time condition assesement

P6 - within area dense brambe, couldn't access - accounted for in Metric (only pond b

P15 - not pond - Ephemeral area of standing water, considered to be dry most of the '

P16 - recently excavated ditch, was dry at time of condition assessment

P20 - not pond - small pool at junction of two ditches. Dry at time of condition assessi

Comments

Recently created ditch on northern side

Gap > 30m in south, technically two hedgerows

Road and pavement within close proximity on western side

TN15 and 16a technically one hedge, but different types

Former tarmac lane to within 1m southern side

Road to within close proximity on south eastern side
