Dear Sir/Madam,

PLANNING APPLICATION SUBMISSION NEW SLIP ROAD, WHISTON HOSPITAL, DRAGON LANE, OFF WARRINGTON ROAD, PRESCOT L35 5DR

I am instructed by Vinci Facilities and in turn the St Helens & Knowsley Trust to seek full planning permission for the delivery of a new slip road at the hospital.

By way of background, the Local Planning Authority granted planning permission (reference 18/00307/FUL) on the 19th July 2018 for the alterations to the existing car park to create a new slip road and associated work, this planning permission expired on the 18th July 2021 unimplemented.

The purpose of this planning application is to resubmit the details and re-seek approval for planning permission to enable the hospital to deliver the slip road and thus aid circulation.

The following documents are submitted in support of the planning application and the requisite planning application fee of £234 (plus £32.20 admin fee) has been paid via the Planning Portal.
