Front Elevation - Proposed

1. Remove wall between kitchen and rear lounge
2. Raise lintels in rear lounge and back of kitchen to rear of house cavity, leaving columns as small as possible, gaining as much height as possible. Not disturbing rooms above
3. Temp board up rear lounge to rear extension after steelwork instalment
4. Brick up part of kitchen window to accommodate new utility room

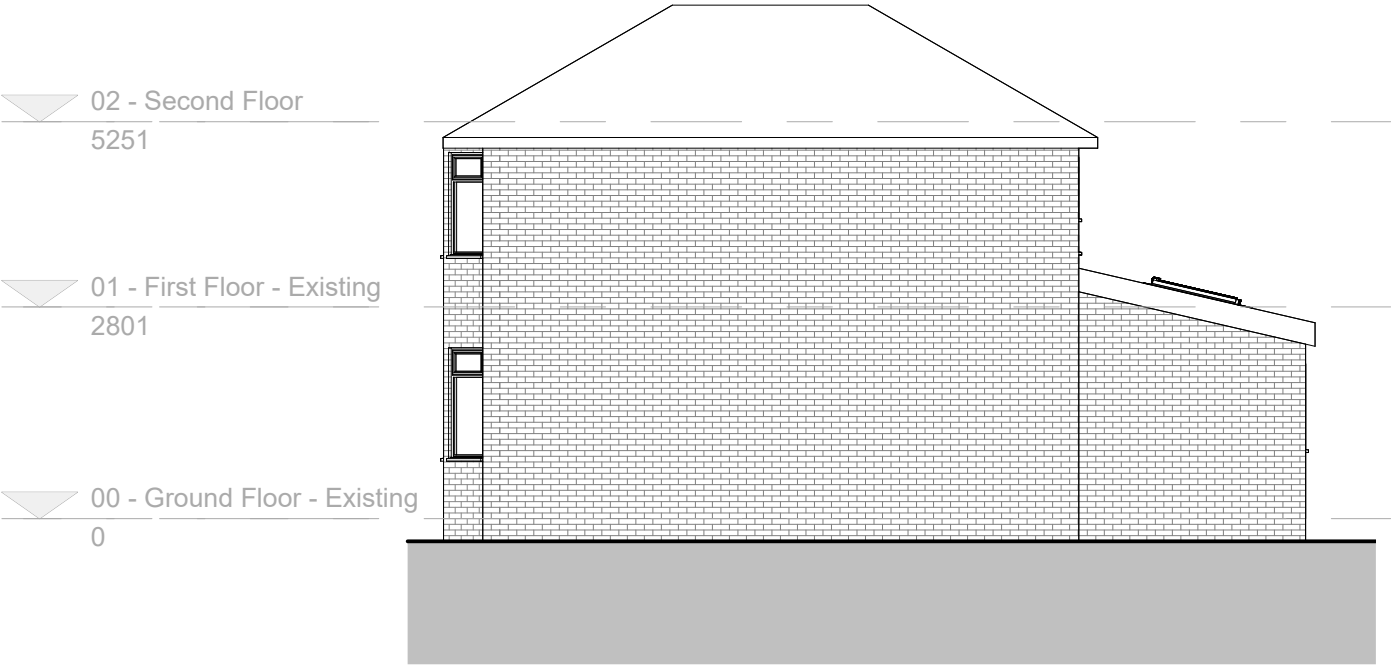

Rear Elevation - Proposed

Left Side Elevation - Proposed

1. Remove the stud wall between the hall and kitchen and the stud wall at the side of the stairs, and form a new utility room in this area, providing a new door from the lounge into the utility room
2. Remove conservatory and build extension
3. Remove kitchen ceiling for new services to all areas

Right Side Elevation - Proposed

1. Fix joinery in roof
Fix electronics and plumbing
2. Brick up back door
3. Plaster all areas
4. Secondly fix kitchen
