Subject: Flagpoles and flags

Hi Leanne ,

The flagpoles we use are aluminium poles that are 6m in length . They are 65mm at the base tapering to 50mm at the top .

The flags are sunk to approx. 600mm deep making the visible pole approx. 5.5m high .

The flags themselves on the site are 2.8m long by 700mm wide . The new ones we have just bought in are 900mm wide as agreed . (The arms are 1m so they look better).

I hope this helps .

Kind regards
