Your ref: 15/00658/FUL

Dear Sir/Madam,

I am writing regarding the application for a Section 73 amendment to planning approval 15/00658/FUL "erection of 10 No 3-bed dwellinghouses along with associated landscaping and car parking at land at Brook Hey Drive, Northwood, Kirkby L33 6UN"

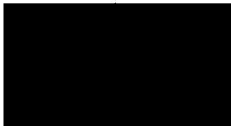

Following consultation with a green energy specialist and in line with certain funding agreements regarding the construction, additional "clean" energy technologies have been incorporated into the scheme. Additionally, the construction of one element of the scheme has been revised to improve buildability. Both of these design changes have had an effect on the building's external appearance and as such this application is necessary to update the planning application in line with the proposal.

The changes detailed in the Section 73 amendment application are as follows:

- A. Inclusion of support column on House type A.
- B. Inclusion of Photovoltaic panels to all houses.
- C. Inclusion of Vents required for Air Source Heat pumps to all houses.

I hope that the provided information is satisfactory and appropriate, and if you require any further information please do not hesitate to contact our office.

Yours sincerely

**Fiona Wroot**
