Re: permission to use the Old Schoolhouse Car Park

The Young Adult Respite Service (YARS) has been an important part of the life of the Old Schoolhouse since July 2021.

The Day Centre project was a trial in response to requests from parents, and it has proved to be a most successful venture. The room that YARS use in the Old Schoolhouse is no longer adequate for the numbers involved. Until new premises are secured the organization is limited in what it can offer as a day service to both the young adults and their parents.

I was happy to hear that there is a property close to the Old Schoolhouse that would be a good place for the continuance and growth of the service. I am also happy to support them in any way possible as they move forward.

I, therefore, very gladly, confirm that the group can continue to use our car park as a dropping off/picking up area. Also, they will be welcome to park vehicles here for longer periods if this is necessary.

Sincerely

Karl Hart
