CDM REGULATIONS 2015

Significant or non-obvious risks and risks which are difficult to manage are identified on this drawing using the following symbol identified to the right with brief accompanying text. For further details of the risks identified by designers, reference should be made to CDM hazard register.

NOTES

1. The current design assumes no infiltration.
2. Requirements for lining of swales, ponds and filter drains to be considered in conjunction with the geotechnical investigation and remediation strategy.
