

<u>APPLICATION NO:</u>	26/00433/CLD	<u>CASE OFFICER:</u>	Louise Robinson
<u>WARD:</u>	Halewood South	<u>PARISH:</u>	Halewood Town Council
<u>LOCATION:</u>	33 Oxford Drive, Halewood, Knowsley, L26 0TN		
<u>PROPOSAL:</u>	CERTIFICATE OF LAWFUL DEVELOPMENT FOR THE ERECTION OF A PROPOSED REAR DORMER EXTENSION, LOFT CONVERSION AND THE INSTALLATION OF 2NO. ROOFLIGHTS TO THE FRONT ROOF-PLANE		

Site Description

The application site comprises a two-storey three-bed semi-detached dwelling located on Oxford Drive, Halewood. The dwelling is characterised by half brick / half render to the front elevation, brick to the side and rear elevations, and has a gable tiled roof. The property currently benefits from a single storey extension to the rear and side and also has off-street parking available to the front.

The surrounding area is primarily residential and is characterised by similarly designed two-storey semi-detached dwellings.

Site Constraints

- Coal Consultation Zone – Low Risk Area

Proposal

The application is for a Certificate of Proposed Lawful Development to erect a dormer extension to the rear roof-plane, a loft conversion, and the installation of two rooflights to the front roof-plane.

REAR DORMER EXTENSION

The dormer extension would have a length of 5.8m, would have a depth of 3.5m and would have a height of 2.4m. The dormer would be set down from the existing ridge of the dwelling by 0.1m and would be set back from the existing eaves of the dwelling by 0.5m. The dormer would have a total volume of 24.36m³.

The extension would be finished in UPVC exterior wall cladding boards, with the colour of the cladding boards to match the existing roof tiles and would have a flat roof. There would be one window and a Juliet balcony within the rear elevation.

INSTALLATION OF ROOFLIGHTS

Two rooflights would be installed to the front roof-plane of the dwellinghouse.

Assessment

REAR DORMER EXTENSION

The proposed rear dormer extension requires an assessment against Schedule 2, Part 1, Class B of the Town and Country Planning (General Permitted Development) (England) Order 2015 (as amended).

Part 1, Class B (additions etc to the roof of a dwellinghouse)

Permitted development.

B – The enlargement of a dwellinghouse consisting of an addition or alteration to its roof.

Development not permitted.

B.1 Development is not permitted by Class B if –

- (a) Permission to use the dwellinghouse as a dwellinghouse has been granted only by virtue of Class G, M, MA, N, P, PA or Q of Part 3 of this Schedule (changes of use).

No – therefore acceptable.

- (b) Any part of the dwellinghouse would, as a result of the works, exceed the height of the highest part of the existing roof.

No – therefore acceptable.

- (c) Any part of the dwellinghouse would, as a result of the works, extend beyond the plane of any existing roof slope which forms the principal elevation of a dwellinghouse and fronts a highway.

No – therefore acceptable.

- (d) The cubic content of the resulting roof space would exceed the cubic content of the original roof space by more than –

- (i) 40 cubic metres in the case of a terrace house.

N/A – the dwelling is not a terraced dwelling.

- (ii) 50 cubic metres in any other case

No – the volume of the dormer extension would be 24.36m³. The extension would not exceed the threshold of 50 cubic metres for a semi-detached dwelling – therefore acceptable.

- (e) It would consist of or include –

- (i) The construction or provision of a verandah, balcony or raised platform

Whilst the dormer extension would incorporate a Juliet Balcony, this is not classes as an additional platform outside the building that a person could stand upon, which is considered to be the accepted definition of a “balcony” or “raised platform”.

- (ii) The installation, alteration or replacement of a chimney, flue or soil and vent pipe.

No – therefore acceptable.

- (f) The dwellinghouse is on article 2(3) land.

No – the dwellinghouse is not on article 2(3) land.

- (g) The dwellinghouse is built under Part 20 of this Schedule (construction of new dwellinghouses).

No – therefore acceptable.

- (h) The existing dwellinghouse has been enlarged in reliance on the permission granted by Class AA (enlargement of a dwellinghouse by construction of additional storeys).

No – therefore acceptable.

B.2 Development is permitted by Class B subject to the following conditions –

- (a) The materials used in any exterior work must be of a similar appearance to those used in the construction of the exterior of the existing dwellinghouse.

Yes – drawing no. L26 OTN/33/01 indicates that the dormer extension would be finished in UPVC exterior wall cladding boards which would match the colour of the existing roof tiles.

- (b) The enlargement must be constructed so that –
 - (i) Other than in the case of a hip-to-gable enlargement or an enlargement which joins the original roof to the roof of a rear or side extension –
 - (aa) The eaves of the original roof are maintained and reinstated

The dormer extension would be no higher than the original roof height of the

dwelling and the existing eaves would be maintained – therefore acceptable.

- (bb) The edge of the enlargement closest to the eaves of the original roof is, so far as practicable, not less than 0.2 metres from the eaves, measured along the roof slope from the outside edge of the eaves

The dormer extension would be set back 0.5m from the eaves of the dwelling – therefore acceptable.

- (ii) Other than in the case of an enlargement which joins the original roof to the roof of a rear or side extension, no part of the enlargement extends beyond the outside face of any external wall of the original dwellinghouse.

Not applicable.

- (c) Any window inserted on a wall or roof slope forming a side elevation of the dwellinghouse must be –
 - (i) Obscure-glazed
 - (ii) Non-opening unless the parts of the window which can be opened are more than 1.7 metres above the floor of the room in which the window is installed.

Not applicable.

2NO. ROOFLIGHTS TO FRONT ROOF-PLANE

The proposed rooflights require an assessment against Schedule 2, Part 1, Class C of the Town and Country Planning (General Permitted Development) (England) Order 2015 (as amended).

Part 1, Class C (other alteration to the roof of a dwellinghouse)

Permitted development.

C – Any other alteration to the roof of a dwellinghouse.

Development not permitted.

C.1 Development is not permitted by Class C if –

- (a) Permission to use the dwellinghouse as a dwellinghouse has been granted only by virtue of Class G, M, MA, N, P, PA or Q of Part 3 of this schedule (changes of use).

No – therefore acceptable.

- (b) The alteration would protrude more than 0.15 metres beyond the plane of the slope of the original roof when measured from the perpendicular with the external surface of the original roof.

No – therefore acceptable.

- (c) It would result in the highest part of the alteration being higher than the highest part of the original roof.

No – therefore acceptable.

- (d) It would consist of or include –

- (i) The installation, alteration or replacement of a chimney, flue or soil or vent pipe.

No – therefore acceptable.

- (ii) The installation, alteration or replacement of solar photovoltaics or solar thermal equipment.

No – therefore acceptable.

- (e) The dwellinghouse is built under Part 20 of this Schedule (construction of new dwellinghouses).

No – therefore acceptable.

- C.2 Development is permitted by Class C subject to the condition that any window located on a roof slope forming a side elevation of the dwellinghouse must be –

- (a) Obscure-gazed.
 - (b) Non-opening unless the parts of the window which can be opened are more than 1.7 metres above the floor of the room in which the window is installed.

Not applicable.

Conclusion

Development can be considered to be permitted development regarding the rear dormer extension and the 2no. rooflights within the front roof-plane, as the scheme is compliant with Schedule 2, Part 1, Class B and Class C of the Town and Country Planning (General Permitted Development) (England) Order 2015 (as amended).

Recommendation

That a Certificate of Lawfulness be

- 1) The proposal complies with the requirements of Schedule 2, Part 1, Class B and C of the Town and Country Planning (General Permitted Development) (England) Order 2015 (as amended).
