POLICY CONSIDERATIONS

The application complies with Policies CS2 and CS19 of the Core Strategy and saved Policies H5 and H8 of the UDP; the application also complies with the Householder Development SPD.

DESIGN, ACCESS AND CRIME PREVENTION

The design of the proposal is acceptable. In relation to the two storey side and rear extension, the roof would be pitched similar to the main dwelling and would not be readably visible from the streetscene because it is set somewhat back from the front wall of the house. Therefore, the extension complies with the Householder Development SPD.

Overall, the design of the scheme is acceptable. The application raises no crime or anti-social behaviour issues.

RESIDENTIAL AMENITY

The proposal would not harm the amenity of neighbouring properties.

In relation to 10, there would be no harm to amenity as the two storey side and rear extension would be on the opposite side of the dwelling.

In relation to 14, 14 has been extended at the rear with a conservatory. The two storey extension would only extend around 3 metres beyond the rear of 14 and would be consistent with the Householder SPD which states that extensions of up to 3 metres are acceptable in principle. In addition, the extension would be set back around 90cm from the boundary. Therefore, there would be no harm to the amenity of 14.

The proposal complies with the Householder Development SPD. Overall, the proposal will not cause harm to the amenity of neighbouring properties.

CONCLUSION

The proposal is acceptable in design and would not harm the amenity of neighbouring properties, The application complies with local planning policies and is recommended for approval.
