

A side elevation drawing of a building with a gabled roof. The drawing shows a long, low structure with a gabled roofline. On the left side, there is a red rectangle on the wall. On the right side, there is a blue rectangle on the wall. The drawing is a technical sketch with blue lines for the roof and walls, and red lines for the rectangles.

A line drawing of a house with a gabled roof. A blue line traces the roofline and the path of the gutter, showing how it follows the slope of the roof and then turns vertically down the side of the house. The gutter is shown installed along the eaves of the roof.
