Hi Lee,

We have may revisited our staffing plans and arrangements for Sugar Lane.

I have been in meetings today with senior management and I can now confirm the following:

*There will be no on-site manager at the property (122 Sugar Lane) participating in shift work. The manager will work remotely from either his home or the Organisations head office, and will **only** attend the premises when required, in the event of an emergency or to manage significant staffing issues.*

Please let me know whether you require any further clarification.

Thanks
