H8 - Extensions and Alterations to Residential Properties

TECHNICAL CONSULTATIONS:

Halewood Town Council - No Comments Received

NEIGHBOUR NOTIFICATION:

This application has been publicised by letters sent to 13 neighbours. No representations have been received.

ARTICLE 35

The Local Planning Authority has acted positively and proactively in determining this application by assessing the proposal against all material considerations, including planning policies and any representations that may have been received and subsequently determining to grant planning permission in accordance with the presumption in favour of sustainable development, as set out within the National Planning Policy Framework.

ISSUES AND ASSESSMENT:

PROPOSAL

The application is for the erection of a single storey front extension to the detached property at 10 Chartwell Grove in Huyton. The proposal would provide additional living space for a study. The proposed extension would project approximately 2.2m from the principal elevation of the existing property and would measure 2.7m in width. The development would also have a lean-to roof which would measure 2.5m in height to the eaves, with a maximum height of 3.4m.

RELEVANT PLANNING HISTORY

None.

POLICY CONSIDERATIONS

Document Reference	Document Issue Number	Document Issue Date
PS/DC/OP04/05	003	23/9/02

c:\users\bidej\appdata\local\microsoft\windows\inetcache\content.outlook\5s3v14ol\21_00375_ful 10 chartwell grove.rtf

The site is identified as land for primarily residential development and a domestic extension would therefore be acceptable in principle, subject to compliance with local planning policy and guidance. The application complies with policies CS2 and CS19 of the Local Plan Core Strategy (2016) and saved policies H5 and H8 of the UDP (2006), together with the Householder Development SPD (2016).

These policies and guidance require that new development demonstrates a high standard of design, which does not adversely affect the character of the property or street scene; maintains a good standard of amenity for all existing and future occupants; avoiding overlooking and overshadowing, as well as an unacceptable overbearing impact; and that adequate parking and garden space would remain for use by residents of the extended property.

DESIGN

Whilst the proposed extension is situated to the front of the dwelling, given the location and orientation of the property in the street, the development would be set back a substantial distance from the highway and would not appear prominent. The proposal would also be faced in materials to match the existing property and would be in keeping with the scale and appearance of the property. Given the position of the extension and set back from the highway, it would not significantly affect the character of the street scene and is therefore acceptable with regards to design.

RESIDENTIAL AMENITY

Given the scale of the proposed development and position in relation to surrounding neighbouring properties, it would not adversely affect the visual amenity of nearby residents.

HIGHWAYS

The proposal would not affect the existing level of parking at the property.

OTHER ISSUES

None.

CONCLUSION

The proposal would be acceptable in terms of design, residential amenity and highways. The proposal also complies with the relevant Core Strategy, Replacement UDP policies and guidance in the NPPF and is therefore recommended for approval.

RECOMMENDATION:

That planning permission will be granted subject to the following condition(s):-

- 1) The development must be begun not later than the expiration of three years beginning with the date of this permission.

Reason: In order to comply with the requirements of Section 91 of the Town and Country Planning Act 1990 (as amended).

- 2) The development hereby permitted shall be carried out in accordance with the approved plans and documents listed in Schedule 1.

Reason: For the avoidance of doubt.

- 3) The materials to be used on the external surfaces of the extension hereby permitted shall match those of the existing building in type, size, colour and texture.

Reason: In the interests of visual amenity and to comply with Saved Policy H8 of the Knowsley Replacement Unitary Development Plan, adopted in June 2006, Policy
