Description of the Proposal

Please note in regard to:

- **Fire Statements** - From 1 August 2021, planning applications for buildings of over 18 metres (or 7 stories) tall containing more than one dwelling will require a 'Fire Statement' for the application to be considered valid. There are some exemptions. [View government planning guidance on fire statements](#) or [access the fire statement template and guidance](#).
- **Permission In Principle** - If you are applying for Technical Details Consent on a site that has been granted Permission In Principle, please include the relevant details in the description below.
- **Public Service Infrastructure** - From 1 August 2021, applications for certain public service infrastructure developments will be eligible for faster determination timeframes. See help for further details or [view government planning guidance on determination periods](#).

Description

Please describe details of the proposed development or works including any change of use

Proposed new site access from existing Webber Road highway

Has the work or change of use already started?

☐ Yes

☒ No

Existing Use

Please describe the current use of the site

Existing B2 and B8 use class

Is the site currently vacant?

- ☐ Yes
☒ No

Does the proposal involve any of the following? If Yes, you will need to submit an appropriate contamination assessment with your application.

Land which is known to be contaminated

- ☐ Yes
☒ No

Land where contamination is suspected for all or part of the site

- ☐ Yes
☒ No

A proposed use that would be particularly vulnerable to the presence of contamination

- ☐ Yes
☒ No

Materials

Does the proposed development require any materials to be used externally?

- ☒ Yes
☐ No

Please provide a description of existing and proposed materials and finishes to be used externally (including type, colour and name for each material)

Type:

Vehicle access and hard standing

Existing materials and finishes:

Existing tarmac yard with pavement to existing highway

Proposed materials and finishes:

Proposed tarmac yard with new tarmac hardstanding entrance formed from existing highway

Type:

Boundary treatments (e.g. fences, walls)

Existing materials and finishes:

Existing circa 2m palisade fencing

Proposed materials and finishes:

Proposed palisade gate to match existing fencing design, colour and height

Are you supplying additional information on submitted plans, drawings or a design and access statement?

- ☐ Yes
☒ No

Pedestrian and Vehicle Access, Roads and Rights of Way

Is a new or altered vehicular access proposed to or from the public highway?

☒ No

c) Features of geological conservation importance

- ☐ Yes, on the development site
☐ Yes, on land adjacent to or near the proposed development
☒ No

Supporting information requirements

Where a development proposal is likely to affect features of biodiversity or geological conservation interest, you will need to submit, with the application, sufficient information and assessments to allow the local planning authority to determine the proposal.

Failure to submit all information required will result in your application being deemed invalid. It will not be considered valid until all information required by the local planning authority has been submitted.

Your local planning authority will be able to advise on the content of any assessments that may be required.

Biodiversity net gain

Biodiversity net gain is a legal requirement for planning permission introduced on 12 February 2024. All applications are required to either provide detailed information proving there will be a biodiversity increase; or explain why they are exempt from doing so.

[Find out more about biodiversity net gain, and access digital tools from our partners that can help determine if you are exempt, or produce the biodiversity metric information required.](#)

Do you believe that, if the development is granted permission, the general Biodiversity Gain Condition (as set out in Paragraph 13 of Schedule 7A of the Town and Country Planning Act 1990 (as amended)) would apply?

- ☐ Yes
☒ No

Please add all the exemptions or transitional arrangements that apply and provide a reason why

Details of the pre-application advice received

The Local Planning Authority would require further information in order to provide whether or not this could be supported. As demonstrated from the Highways consultation comments, the significant issue(s) that need to be assessed would need to show an sufficient form of access that would be appropriate for commercial/industrial premises, such as the suggestion provided, would need to form the basis of the proposal. The Local Planning Authority, along with the internal Highway Authority would require more specific plans, with an appropriate scale, to demonstrate whether or not the necessary radius could be met in the location outlined in the proposal.

Without further detailed plans, that show due consideration for the points raised by Highways, it would not be possible to provide a firm view whether or not the proposal could be supported.

The proposal would not be likely to cause any harm to any amenities and, so long as access would be provided, to the extent to allow maneuverability and permit vehicles which would be typical to the site, then the design would not likely cause any issues with any future planning application.

The proposed development discussed would require a full planning application to be submitted, in order to permit the proposal. The principle of a secondary vehicular access to the site frontage would likely be considered acceptable, but as outlined, the Local Planning Authority would require more formal drawings and plans to discuss the proposed works.

Authority Employee/Member

With respect to the Authority, is the applicant and/or agent one of the following:

- (a) a member of staff
- (b) an elected member
- (c) related to a member of staff
- (d) related to an elected member

It is an important principle of decision-making that the process is open and transparent.

For the purposes of this question, "related to" means related, by birth or otherwise, closely enough that a fair-minded and informed observer, having considered the facts, would conclude that there was bias on the part of the decision-maker in the Local Planning Authority.

Do any of the above statements apply?

☐ Yes

☒ No

Ownership Certificates and Agricultural Land Declaration

Certificates under Article 14 - Town and Country Planning (Development Management Procedure) (England) Order 2015 (as amended)

Please answer the following questions to determine which Certificate of Ownership you need to complete: A, B, C or D.

Is the applicant the sole owner of all the land to which this application relates; and has the applicant been the sole owner for more than 21 days?

☒ Yes

☐ No

Is any of the land to which the application relates part of an Agricultural Holding?

☐ Yes

☒ No

Certificate Of Ownership - Certificate A

I certify/The applicant certifies that on the day 21 days before the date of this application nobody except myself/ the applicant was the owner* of any part of the land or building to which the application relates, and that none of the land to which the application relates is, or is part of, an agricultural holding**

* "owner" is a person with a freehold interest or leasehold interest with at least 7 years left to run.

** "agricultural holding" has the meaning given by reference to the definition of "agricultural tenant" in section 65(8) of the Act.

NOTE: You should sign Certificate B, C or D, as appropriate, if you are the sole owner of the land or building to which the application relates but the land is, or is part of, an agricultural holding.
