Description of the Proposal

Please note in regard to:

- **Fire Statements** - From 1 August 2021, planning applications for buildings of over 18 metres (or 7 stories) tall containing more than one dwelling will require a 'Fire Statement' for the application to be considered valid. There are some exemptions. [View government planning guidance on fire statements](#) or [access the fire statement template and guidance](#).
- **Permission In Principle** - If you are applying for Technical Details Consent on a site that has been granted Permission In Principle, please include the relevant details in the description below.
- **Public Service Infrastructure** - From 1 August 2021, applications for certain public service infrastructure developments will be eligible for faster determination timeframes. See help for further details or [view government planning guidance on determination periods](#).

Description

Please describe details of the proposed development or works including any change of use

The proposals are for an extension to the existing Whiston Hospital building. It comprises of 2 floors of clinical space and 2 floors of administrative accommodation for hospital staff. There is also a sub-level Plant Room and a roof level Plant Room.

The clinical accommodation includes an Endoscopy Decontamination Unit at ground level with an Endoscopy Department for both outpatient and inpatient treatment on the floor above. These areas allow for an increase in provision of these services, as the existing Decontamination and Endoscopy units in the hospital are now too small.

Locationally the extension is connected to the end of the main hospital building, with the main surface carpark to the north and the bin stores building and service yard to the south. There is a change in level across the site from entrance level of the main hospital (Level 01) down to the Lower Ground level.

Has the work or change of use already started?

☐ Yes, on the development site

☐ Yes, on land adjacent to or near the proposed development

☒ No

b) Designated sites, important habitats or other biodiversity features

☐ Yes, on the development site

☐ Yes, on land adjacent to or near the proposed development

☒ No

c) Features of geological conservation importance

☐ Yes, on the development site

☐ Yes, on land adjacent to or near the proposed development

☒ No

Supporting information requirements

Where a development proposal is likely to affect features of biodiversity or geological conservation interest, you will need to submit, with the application, sufficient information and assessments to allow the local planning authority to determine the proposal.

Failure to submit all information required will result in your application being deemed invalid. It will not be considered valid until all information required by the local planning authority has been submitted.

Your local planning authority will be able to advise on the content of any assessments that may be required.

Waste Storage and Collection

Do the plans incorporate areas to store and aid the collection of waste?

☒ Yes

☐ No

If Yes, please provide details:

There are 2 bin store rooms on the plans (WH-DCON-G-002 and WH-ENDO-2-005). These house the large mobile hospital bins on the ground and first floors. Waste from the 3rd and 4th floor will be taken down to the bin store next to the entrance to the extension. The large bins are then transported from these stores to the existing Bin Stores building next to the proposed extension.

Have arrangements been made for the separate storage and collection of recyclable waste?

☒ Yes

☐ No

If Yes, please provide details:

Recyclable waste bins are provided in rooms on each of the 4 floors. This waste will then be dealt with in keeping with the Trust's existing waste strategy.

Trade Effluent

Does the proposal involve the need to dispose of trade effluents or trade waste?

☒ Yes

☐ No

If Yes, please describe the nature, volume and means of disposal of trade effluents or waste

The clinical waste department is relocating to the new location within the proposed development. Any clinical waste generated by the Decontamination and Endoscopy departments will be disposed of in accordance with the Trust's existing waste strategy and as an adaption to their existing system.

Authority Employee/Member

With respect to the Authority, is the applicant and/or agent one of the following:

- (a) a member of staff
(b) an elected member
(c) related to a member of staff
(d) related to an elected member

It is an important principle of decision-making that the process is open and transparent.

For the purposes of this question, "related to" means related, by birth or otherwise, closely enough that a fair-minded and informed observer, having considered the facts, would conclude that there was bias on the part of the decision-maker in the Local Planning Authority.
