

In reference to the planning proposal for the erection of single storey extension to the rear of my property & business Sherrards Hair Salon, located at 159 Tarbock Road, Huyton.

The sole purpose of the extension, is to provide further storage and kitchen facilities/staff room for our current members of staff. Sherrards Hair Salon, is a long standing established business for 35+ years, providing a variety of different Hair & Beauty treatments all found under one roof. Over time, we have developed a very strong and loyal local client base.

This extension has no intention to facilitate further staff and thus increase our footfall to the salon further, we are not creating anymore workspace. As mentioned, our sole intention is to provide more storage and kitchen area for our current team, in return contributing to a healthier environment to work and provide a service in.

More so, the erection of our proposed extension, will therefore have no further impact on any supporting traffic, road or highways as our objective is to simply provide a better workspace for our current team. There is no objective to increase footfall or employ more people.

The extension will not effect any neighbouring properties, as it is single storey, located in the courtyard of the property, we will ensure we make every effort to match the aesthetic look of the existing building.

Lastly, I hope you consider my statement when arriving at your decision to grant our planning proposal, we sincerely take into consideration our surrounding area & neighbours, and we make every effort to not cause any disruption, and hope that this extension can provide a much better place of work for our staff to provide a service in and service to our local clientele.
