

Statutory Declaration

Re: Planning Application for Unit 13, Halewood Retail Park

Pepe's Piri Piri is an international fast food Piri Piri grilled chicken concept with over 180 restaurants worldwide and is the biggest Piri Piri brand after Nando's.

Pepe's business concept is one of fast healthy fresh grilled food that is consumed on site within a relatively short time frame and surrounded by a more casual setting than formal fine dining. Depending on the site, the food is ordered at the counter and then either collected by the customer and taken to the table or delivered by servers directly to the table for consumption.

Due to the ideal location and with the capacity for 36 diners at a time, the model for Pepe's Halewood will be one of an 80% dine-in and 20% takeaway on a 30-minute cycle.

I Kalim Asghar confirm that this is a true representation of the business and the business model for this particular site.

I make the above declaration conscientiously believing the same to be true and virtue of the provisions of the Statutory Declaration Act 1835
