

Hi Paul,

So there was 4 points on the e mail to validate my application.... the corrected points i've renewed are below.....

- I have renewed the location plan on the OS location map with showing scale plan in full
- I have changed the size from foot to metres(metric)on all drawings
- I have shown the title--- Project number (6 bede close) and this is drawing number 4
- I enclose a new statement regarding the business below.....

MY STATEMENT

I Paula Dunn wish to work as sole trader on my own doing my clients nails and beauty. There will be only me working from the cabin, no employees, just myself. I will be doing no more than 4-5 clients a day (max), i cannot guarantee every day will be like that as being self employed it can fluctuate and may not be busy from one day to the next.

There is enough parking in the front for 2 cars on the driveway(see drawing 3) this will be my car and a clients car so this will not obstruct any neighbours getting in and out of the close, i am also situated at the far corner of the close out the way which is even better as no one has to try to get past my house. There is a side gate on the premises (see drawings 2 & 3)that go's straight to the rear so no clients have to enter the house at any time.

I have enough bins for rubbish (see drawing 3) although in my line of work there is only a small bag of rubbish which i need to dispose of.

My days of work will be of mon-fri one week then the next week tue-sat. 1 late night each week til 6.30pm.

I dont need a water supply to the cabin as sanitiser will be used as it is more hygenic and kills more bacteria and i use cleanser to remove any treatments from the clients as its more hygenic.

I think i have covered all your points Paul and hope that this can validate my application as this has been ongoing now since January.

Look forward to hearing from you

Paula Dunn
