Dear Kevin,

**Listed Building Application to existing Listed Gravestone.
Land off Baileys Lane, Higher Road, Halewood.**

We would like to make a Listed Building application to lift the level of land to the existing Listed 'Blackie' gravestone at our development at Wilbury Park, Land off Baileys Lane, Halewood. Our proposals are to raise the existing ground levels and reinstate the gravestone at the new height. During the remedial process, the existing gravestone will be removed, stored and cleaned by a qualified stone mason. A method statement of which is attached to this application for your approval.

We have also attached a copy of our externals works plan together with cross sections indicating the proposed ground levels.

We trust that this meets your approval and look forward to hearing from you in due course.

Yours faithfully,

For and on behalf of Miller Homes Limited (NW)

Johnathon Lowe
