Assessment

GPDO 2015

Under Article 3(1) and Schedule 2, Part 1, Class A of the Town and Country Planning (General Permitted Development) (England) Order 2015 as amended (the GDPO), planning permission is granted for the enlargement of a dwellinghouse subject to limitations and conditions.

Where an application is made for a determination as to whether Prior Approval is required for development which exceeds the limits in paragraph A.1(f) but is allowed by paragraph A.1(g) then development is permitted subject to compliance with the conditions, limitations or restrictions that are applicable to such permitted development.

A.1(g) states that for a dwellinghouse not on article 2(3) land nor on a site of special scientific interest, the enlarged part of the dwellinghouse would have a single storey and –

- (i) extend beyond the rear wall of the original dwellinghouse by more than 8 metres in the case of a detached dwellinghouse, or 6 metres in the case of any other dwellinghouse, or
- (ii) exceed 4 metres in height.

The proposed development would not contravene the criteria outlined in the GDPO and specifically within Schedule 2, Part 1, Class A. The proposal would be at a depth which is more than 3m but less than 6m, the height of the eaves would not exceed 3m and the tallest point would not exceed 4m.

The proposed development is considered to comply with the rest of Schedule 2, Part 1, Class A and subsequently overall, the proposed development would comply with all of the relevant criteria of the legislation.

Amenity

No objections have been received from any of the 4 neighbours who were notified of the Prior Approval. Therefore, there is no requirement to assess the impact on the amenity of adjoining premises.

Conclusion

It is concluded that the proposed development complies with Class A of Part, 1, Schedule 2 of the Town and Country Planning (General Permitted Development) (England) Order 2015 (as amended). Accordingly, in line with the legislation Prior Approval is required and granted.

Recommendation

The proposal complies with the requirements of Class A, Part 1, Schedule 2 of the Town and Country Planning (General Permitted Development) (England) Order 2015 (as amended).

Informatives

1. The following Plans are approved;
 - a. Existing Floor Plan and Elevation plus Location Plan- 538832-01 - (received 21/03/2025).
 - b. Proposed Floor Plan and Elevations - 538832-02 - (received 24/03/2025).

Reason: For the avoidance of doubt.

2. Encroachment

The proposal is granted on the basis of the works taking place within the boundary of the property. The granting of prior approval does not confer consent to encroach on any neighbours land and this would result in the scheme needing planning permission. Consideration should be given to this in respect of any gutters potentially overhanging over shared boundaries.
