This survey has been produced at the survey scale detailed below with its accuracy commensurate with the indicated scale and should only be used for its original intended purpose. Any scaling should only be undertaken using a stable media print produced using the original data. The plotted scale may differ (for presentation purposes) from the survey scale.

It is for the use only of the party to whom it has been addressed and no responsibility is accepted to any third party for the whole or part of its contents. This survey has been prepared on the basis that all information and facts, which may affect the survey, have been disclosed to Formby Surveys Ltd by all parties concerned and no liability, nor responsibility can be accepted, unless full disclosure has been made.

All ground features that were visible at the time of the survey have been located, however there may have been items obscured. Pipe sizes and flow direction have been visually assessed from the surface and should be considered as approximate only.

All data remains in the ownership of Formby Surveys Ltd and any discrepancies between this survey and any other information should be reported to Formby Surveys Ltd.

Grid & Datum

Survey Grid: Local Grid ☑ Nat. Grid (OSTN15) ☐ Nat. Grid (Graph. Fit) ☐ Existing Grid ☐

Survey Datum: Local Datum ☑ Nat. Grid (OSGM15) ☐ Nat. Grid (Spot Level) ☐ O.S.B.M. ☐

The survey grid and level datum relate to an arbitrary local grid orientated to north via compass bearing.

General Notes

1. Tree canopies have been "trimmed" for clarity and presentation purposes.
2. All arrows on steps / ramps etc indicate an UP direction unless otherwise stated.
3. Contours are shown on soft detail areas only (where applicable) and annotated at the interval identified above. Hard detail areas may be contoured if specifically requested.
4. Site traffic or obstructions encountered at the time of the survey may have resulted in surface features being omitted.
